# Model Driven Architecture Foundations And Applications

**model-driven architecture: vision, standards and emerging ...** - poole -- model-driven architecture. ecoop 2001. 6 platform specification the final building block of the near term system vision is the platform specification. **the fast guide to model driven architecture - omg** - the fast guide to model driven architecture, the basics of model driven architecture (mda) summary this white paper is a first in a series of papers which provide a foundational **model driven architecture with enterprise architect** - support for mda is rampant amongst uml tool vendors, and today many vendors claim "mda support" or "mda compliance." this is a characterization that is **introduction to model driven architecture (mda)** - department of computer science university of salzburg introduction to model driven architecture (mda) seminar paper june 2007 igor sacevski, sachead@gmx **model driven architecture - finxact** - model driven development the 'base schema' can be extended or customized by simply adding additional schema classes as well as adding or modifying properties on existing classes and providing them **implementing model driven architecture** - enterprise architect targeted at mda driven development, including a model to model transformation engine, allowing modelers to target multiple platform specific models from a single **model driven architecture - issues, challenges and future ...** - 1.1.1 model . models are used to build the large-scale solutions. notations are used to represent the models. four types of models are introduced in model driven architecture named as: computational independent model (cim), **model driven architecture - nanjing university** - tian zhang at nanjing univ. 2 about the paper and journal software and system modeling (sosym) springer berlin heidelberg quarterly international journal **model problems in technologies for constructive ...** - cmu/sei-2005-tn-022 vii abstract model-driven architecture (mda) is a technology produced and maintained by the object management group (omg), an open membership, not-for-profit consortium that produces **model driven architecture and ontology development** - foreword the first time i paid attention to the term "ontology" was in the late 1980s when i was part of an engineering team that was responsible for defining
